Subject: Re: Next Agency Coordination Meeting on SWRCB Delta WQCP update and SJR Trib Accord August 14th at 1:00 - 4:00

Hi John,

Thanks for including me on these messages and meetings.

I have a suggestion for the August 14 meeting agenda regarding the upcoming workshops.

It would be really helpful to discuss the upcoming September 5 and 6, 2012 State Board workshops on Ecosystem Processes and the Low Salinity Zone. There are a couple of things that will be helpful to discuss: First, it would be great if each agency can tell us who from their staff (if anyone) will be participating in either the invited panel (coordinated by Peter Goodwin at the Delta Science Program) or the state and federal natural resource agency panel. Second, it will be helpful to understand which agencies are submitting written comments to the State Board by noon on August 17, 2012 (these comments are supposed to address two general questions) and get a summary of each agencies comments. Lastly, if we could briefly discuss coordinating/producing one power point presentation or set of talking points for the state and federal agency panel, then we could identify a smaller group to work on that before the September 5 and 6 meeting.

We could have this same type of discussion about the next workshop scheduled for September 22 if there is time.

I've been working on setting up meetings to discuss the workshops plus specifically discussing options for updating delta outflow, sacramento inflow, OMR reverse flows, delta cross channel gate, san Joaquin inflow, and E/I objectives. I don't want to waste anyone's time though and have two meetings when we could have just one. If these topics overlap with your interests, maybe it is best to just combine the efforts?

Subject: Next Agency Coordination Meeting on SWRCB Delta WQCP update and SJR Trib Accord August 14th at 1:00 - 4:00

Hi All,

Just wanted to get a message out so everyone can get this on their calendars:

We will meet again on the 2nd Tuesday of August (14th) at 1:00 to 4:00 so that those of us that travel can leave at a reasonable time (usual time is 3:00 to 5:00, but we wanted to have another sit down meeting). We will have a meeting room again so that we can meet in person for those that can make. At this point, I believe our focus will be on the up-coming Phase II workshops, with a discussion on the Phase I SED (it should be released at the end of this month) and an update on the San Joaquin River Accord. Also, we will take some time to continue our work on putting together quantitative goals and objects for the San Joaquin River to use in both the Accord and SWRCB processes.

Diane Riddle, Rich Satkowski and Karen Niiya from the SWRCB will be attending so we can have a chance to discuss the Phase II process and upcoming workshops.

As we get closer to the meeting time, I'll send out a draft agenda with a place and call-in number. If you have items for the agenda, please forward them.
